

Application

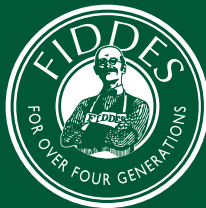

1. Ensure all surfaces are clean and dry.
2. Take a soft cloth or brush and apply sparingly in small areas, following the direction of the grain where possible.
3. Supreme Wax is quick drying and can be buffed to the desired sheen level within a few minutes.
4. Additional applications will further improve the sheen level and durability.

A Tradition of Quality and Craftsmanship

Through nearly 100 years and four generations, the name Fiddes is synonymous with high quality timber finishes not only in the UK, but also across Europe and the USA as well as Asia, by all those who care about good furniture and antiques.

An Unrivalled Product Range

Formulated to offer excellent results on bare or sealed timber.

Fiddes Supreme Wax polish contains a unique environmentally friendly blend of waxes that naturally enhances the beauty of your timber.

Available in seven carefully selected shades, the Supreme Wax is virtually odour-free, quick and easy to apply by hand and, once buffed to the desired sheen level, produces a depth of finish that protects and revises any original patina.

Fiddes Supreme Wax is available in a range of single retail and trade multiple packs of 400ml, 2.5litre, 5litre and 20 litre tins.

- Quick Drying
- Toluene free
- Non aromatic
- Sprays through all current systems
- 7 consistent colour shades
- Colour matching service
- Excellent results on bare or sealed timber
- Suitable for hand application

Fiddes Supreme wax is one of a range of high quality timber finishes that includes; polishes, glazes, varnishes, stains, dyes, lacquers and ancillary products

Colours are for guidance only and are reproduced as closely as the printing process will allow.
We recommend testing a small area before use.

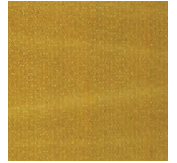

Light Supreme

A clear wax polish which maintains the existing, natural colour of the timber and is suitable for all types of furniture.

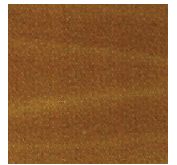

Stripped Pine Supreme

Originally developed for antique pine furniture. Ideal for any recently stripped or restored doors, panelling or furniture. Produces a medium brown shade.

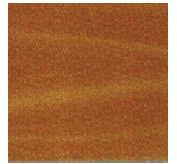

Rugger Brown Supreme

Ideal for oak, walnut, elm or pine when a slightly darker colour is preferred.

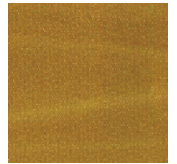

Forest Brown Supreme

May be applied to any type of timber where a slightly warmer tone is required.

Antique Brown Supreme

Produces a light, honey brown shade and suitable for all types of timber.

Cherry Supreme

Ideal for use on mahogany, Indian rosewood or any timber requiring a rich, warm finish.

Jacobean Supreme

Normally used on very dark antique furniture to enhance an existing patina.
