

VITA SHINE

Fiddes Vita-Shine contains a blend of natural beeswax and fine burnishing agents, designed to further increase the depth of sheen to any existing timber finish.

Smooth and creamy in texture, Vita-Shine is exceptionally easy to apply and exhibits excellent burnishing qualities on previously finished wood. Vita-Shine is recommended for reviving and restoring any original patina, removing dust and blemishes whilst leaving a silky lustre to further enhance the natural beauty of your wood.

Preparation

For use on previously finished or sealed timber. Ensure all surfaces are free from dust or blemishes before application of Fiddes Vita-Shine.

Application

Sparingly with a clean cotton cloth.

Dry Time

10-15 mins at room temperature.

Coverage

16 sqm per litre (depending on substrate and method of application).

Coats

1 coat - A second application is recommended where further surface cleaning is required

Recommended for use on

Surfaces of fine furniture and cabinet work to restore and clean original patina.
