

FRICTION POLISH

For over four generations, Fiddes have blended the finest natural Shellac to produce a range of French Polishes that have become internationally established throughout the fine woodworking and antique restoration market. We offer a selection of different types of flake and powdered Shellac mixed to traditional, proven formulations that are suitable for both brush and rubber application.

Formulated to give a natural sheen on turned wood, Fiddes Friction Polish is the ideal choice for the wood turner. Specifically manufactured for lathe work, Friction Polish is a blend of the finest transparent Shellac and raw natural waxes. This combination of ease of use and exceptional clarity of finish has proved very popular within the wood turning industry.

Application

Brush/Rubber.

Fiddes Shellac Polishes are ideally suited for application on top of Fiddes complete range of Wood Stains, Dyes & Shellac Sealer.

Suggested to finish with a coat of Fiddes Supreme Wax or Mellow Wax to further protect and enhance the natural beauty of your wood.
