

MELLOW WAX

Fiddes Mellow Wax range is formulated from a traditional recipe, developed from over ninety years' experience in the manufacture of fine timber finishes. A blended beeswax polish of the highest quality, Fiddes Mellow Wax Polish is available in 5 distinctive shades and has been successfully used for finishing sealed or previously polished timber for nearly a generation.

Preparation

For use on previously finished or sealed timber. Ensure all surfaces are free from dust or blemishes before application.

Ideal Application

Take a clean cloth, sponge or brush and apply in the direction of the wood grain where possible. To obtain a uniform colour, always wipe evenly, blending the Mellow Wax over the whole surface area by exerting a small degree of pressure when applying by hand. Take care to lightly remove any excess immediately with a separate, clean absorbent cloth. Leave to dry for around 10 minutes and buff to finish with a soft cloth.

Dry Time

10 Minutes at room temperature.

Coverage

16 sqm per Litre (depending on substrate and method of application).

Coats

1 coat - The application of additional coats will deepen the existing colour/shade and enhance the resulting sheen level.

Thinners

White Spirits

Recommended for use on

Fine Furniture, Doors, Cabinet Work and Panelling
