

NITRO STAINS

A range of penetrating oil-based stains, specifically formulated for application onto timber flooring. Ideal under Hard Wax Oil.

Preparation

Floors – Sand the substrate in stages through to a 120-150 screen. Furniture and cabinetry may be sanded to a finer finish.

Always sand in the direction of the grain pattern where possible, ensuring the removal of any blemishes and glue residue prior to application of Fiddes Wood Dyes. Take care to remove all traces of sanding dust and test the chosen Fiddes Wood Dye on a similar substrate to verify colour/shade.

Application

Stir the contents well and always check the shade before application.

Nitro Stains can either be wiped on and wiped off, rolled and left to settle or buffed in.

For a deep colour roll out the stain evenly using a 10mm microfibre roller in the direction of the grain working out a few boards/areas at a time. Use a paint brush to blend the end boards and leave.

For a lighter two-toned effect use a **SLOW** speed buffing machine (175RPM) with a nappy cloth like material on a pad. Pour the stain directly onto the pad and buff in evenly. Brush the stain on the edges and rag off the excess.

By hand - Take a clean, lint free cotton cloth or sponge and apply in the direction of the wood grain where possible. Take care to remove any excess stain immediately with a separate, clean absorbent cloth, again following the direction of the grain pattern. To obtain a uniform colour, always wipe evenly, blending the stain over the whole surface area by exerting a degree of pressure when applying by hand. Leave to dry, and do not sand between coats. The application of additional coats will deepen the existing colour/shade.

Application methods can be viewed on our YouTube Channel via Fiddes Australia

Dry Time

1-4 hours (depending on conditions and applications)

Coverage

15-30 sqm per Litre (depending on substrate and method of application)

Coats

1 coat – further coats will deepen colour/shade.

Thinners

Nitro Thinners

RECOMMENDED FOR USE ON

Floors – Timber or Cork
