

TINTED HARD WAX OIL

A blend of natural oils and waxes offering exceptional durability and resistance for internal timber surfaces including floors, bench tops, furniture and areas subjected to a high degree of wear.

Produces a quick drying natural matt, silk or satin water repellent, tread-fast finish that will not peel or flake. Hard Wax Oil is easy to maintain and as a natural replenishable product it is easy to rejuvenate timber when required.

Suitable for application onto children's toys – EN 71 – Toy Safety Test
Resistant to liquids: Tested in accordance with BS 3900 G5
Resistant to wear: Tested in accordance with BS 3900 EI5
Slip Resistant rating of R11

Preparation

Ensure all surfaces are clean, dry and free from previous finish. Sand the substrate with a fine 120-150 grade sanding paper removing all traces of dust.

Application

Ensure all areas to be coated are extremely well ventilated during and after application. Always test on a small area prior to initial application. Stir contents thoroughly before and during use. No primer required. Maximum 2 coats recommended.

ADDITIONAL APPLICATION INSTRUCTIONS FOR TINTED HARD WAX OIL

Apply with a brush or a floor applicator and buff in with a TAN or BEIGE pad using a slow speed buffing machine (175 RPM) whilst ragging edges working the product across the floor. If required when finished, buff over the entire floor with a WHITE pad to remove any excess. Repeat if a deeper colour is required then roll on a clear coat of hard wax oil using a short nap/gloss roller to entire floor. Alternatively, to achieve the same look without using a buffing machine mix 10% Tinted HWO with clear HWO and roll on using a short nap roller. When rolling straight tinted HWO, a 4mm roller is recommended.

PLEASE REFER TO THE HARD WAX OIL INFORMATION SHEET FOR ADDITIONAL INFORMATION ON APPLICATION.
